**WARRANT**

TO: JAMES WETHINGTON, Task Force Officer, DEA, and any other authorized agents/officers of the DEA:

Application and Affidavit having been made before me by John M. Bodenhausen, an Assistant United States Attorney for the Eastern District of Missouri, and DEA Task Force Officer James Wethington, and full consideration having been given to the matter set forth therein, the Court finds:

(a) There is probable cause to believe that the Sprint cellular telephone bearing number **(858) 373-7108** (hereinafter the **subject cellular telephone**) which is being utilized by Jonathan **COWDEN**, will be used to further the activity of a conspiracy to distribute and possession with the intent to distribute controlled substances, and to facilitate any or all of said offenses; in violation of 21 U.S.C. Sections 841(a)(1) and 846;

(b) There is probable cause to believe that evidence of the commission of the above-described offenses will be obtained through the signaling information, including cell site

information, precision location information, and factory Global Positioning System (GPS) information of the **subject cellular telephone** for a period of forty-five (45) days from the date of this Warrant.

(c) This Court has jurisdiction over the offense(s) under investigation.

WHEREFORE, IT IS HEREBY ORDERED that, pursuant to Title 18, United States Code, Section 2703(c)(1)(A) that Sprint, any telecommunication service providers reflected in Attachment 1, here incorporated by reference, and any other applicable service provider(s), provide to DEA Task Force Officer James Wethington, together with law enforcement officials acting under the supervision of federal agents and their authorized representatives, to include the FBI, any signaling information, including cell site information, precision location information, and factory Global Positioning System (GPS) information of the **subject cellular telephone** for a period of forty-five (45) days from the date of this Warrant; and

IT IS FURTHER ORDERED that this Warrant and the application and affidavit of DEA Task Force Officer Wethington be sealed until further order of the Court.

This Warrant does not authorize interception of any communications as defined in Title 18, United States Code, Section 2510(4), but authorizes only the disclosure of signaling information, including cell site information, precision location information, and factory installed GPS information of the **subject cellular telephone**.

IT IS FURTHER ORDERED that DEA Task Force Officer Wethington return to this Court within forty-five (45) days of the date of the expiration of the authority granted pursuant to this Warrant and report under oath the date the information was initially provided and the date the information was no longer being provided.

IT IS FURTHER ORDERED that the application, affidavit and this Warrant are sealed.
